## About Adventure Guides....

The YMCA has a long history of providing fathers and children with the opportunity to spend quality time together. The purpose of this program is to foster understanding and companionship between father and child. The Adventure Guides has been a staple with the YMCA for years and continues to offer fun, family-oriented events for fathers and their children. The most popular events of the program are the 4 overnight campouts. Some activities during the campouts include: rock climbing, archery, hiking, canoeing, boating, fishing, tubing, swimming, nature programs, arts & crafts, skiing, snow tubing and much more. In addition to the campouts some other great events include: cookouts, parades, pumpkin picking, roller skating, dances, river tubing, go-kart racing and more. The Adventure Guides is the perfect way for dads to have a great time with their children through fun and unique activities.
